1. Purpose

This policy sets out how Dam Kings Beach Inc. enters into partnerships and sponsorships, and how actual, potential and perceived conflicts of interest are managed.

2. Partnerships

- Partners must share our commitment to the long-term health of the coastline.
- Partners may be acknowledged on our website and in our publications.
- Partners have no role in, and no influence over, technical findings, including the independent baseline study.
- Dam Kings Beach does not accept funding that is conditional on a particular outcome.

3. Conflicts of interest

Board members, advisers and staff must declare any interest that could conflict, or be seen to conflict, with their role. Declared interests are recorded in the register of interests and reviewed at each Board meeting. A member with a declared interest does not vote on related matters.
